

“This small business guide provides a concise and clear path for anyone seeking to participate in capitalizing on the opportunities of the federal marketplace. The guide is skillfully organized to simplify the intimidating federal maze of contracting jargon and regulations. Even as a former government employee with over 20 years’ experience in contracting for services and construction, this handbook provides me invaluable guidance. Today, as an inexperienced small business entrepreneur seeking federal contract awards, this is my first resource of choice concerning federal contracting opportunities.”

Thomas J. Marks Jr., Col. (Ret) P.E.

V.P. Federal Services
Facility One

“During the last three years Mr. Parvey has been instrumental in assisting Admiral Metals in securing more than 300 Federal Government Contracts. His 30 years of experience has really paid off for us.”

Michael Thomas

Government Contracts Administrator

“With Mr. Parvey’s guidance, Minutemen Trucks has secured federal government contracts in the last year that exceeds 10 percent of our previous years’ gross sales. Not only is the federal government one of our biggest customers, it is also one of our best paying customers.”
